

Rescued Racer

Name, Age: HRH the Lady Trouble, will be 9 years old in June, 2008

Adopted: from the Nana Foundation in August of 1999

Story: Trub was found living under an abandoned house with her mother and litter mates by Trinja Horn, founder of the Nana Foundation, when she was making one of her regular visits to feed the semi feral dogs of the area. Trinja was able to capture Trub and take her home, where I saw her a few days later, and was captivated by her puppy smile. There was no question but that she was going home with me.

Flyball: Trub's career in flyball started off slowly in 2001. She was with a club that practiced, but never went to tournaments! In 2004 she founded the Barn Stormers Flyball Club and now has 17 tournaments under her paws plus her FDCH – G title. Her endearing habit of snarking at her team mates on the finish line makes Trub an interesting racer!

Other: Trub also enjoys agility and masters the obstacles with great precision. She loves to give her signature woof at the top of the A-frame to say..... “Hey, look at me!”
