- **All flying discs are subject to inspection for safety.**

**To obtain a CDDA number for your dog please visit:  
<http://www.geocities.com/cddadiscdog/forms2.html>**

## **DISC DOG COMPETITION CLASSES DESCRIPTION**

### **Retrieval Proficiency Test (RPT)**

A qualifying score is achieved if the dog retrieves the object (handler's choice) from a distance of 10 yards to the handler's hand or drops it within the handler's box. Any healthy dog over 16 weeks can attempt an RPT. An RPT is needed to continue on into competition at CDDA sanctioned trials.

### **Single Disc Titles**

#### **Basic Disc Dog (BDD)**

Earned when the dog and handler achieve four qualifying legs. A leg is earned when a dog successfully catches the disc at or over the 20 yard line, four times within the first seven throws and within two, one-minute rounds at a CDDA sanctioned trial.

#### **Advanced Disc Dog (ADD)**

After attaining a Basic Disc Dog title, dogs and handler can start to work towards their ADD. This title is achieved when the dog and handler achieve four qualifying advanced "legs". An advanced leg is achieved when a dog successfully catches the disc four times at or over 30 yard line in CDDA sanctioned trials. The four catches must be made within the first seven throws, within two one-minute rounds.

### **Freestyle Titles**

#### **Basic Disc Freestyle (BDF) or NOVICE Freestyle**

This is a competition in which dog and handler teams compete with disc routines to music. The choice of music and routine are at the handler's discretion.

Routines must be a maximum of 90 seconds. Required elements include catches, tricks and artistic impression and are scored out of 100 points. See a current copy of the CDDA Rules & Regulations for more info on scoring in freestyle.
