Notes on Divisions

Due "combined" divisions not supported by the Flyball Tournament Builder Software, you'll notice that the Division listings on the Schedule (example "R1") may not be correct.

We will make the corrections to the scoresheets and scoreboards, and final results sent to NAFA will be separated into the correctly numbered Divisions.

Actual Divisions and Breakouts on the following pages are listed in parenthesis with a line noting where the 2 Divisions are separated (when divisions are combined).
